Angolo di Tranquillità A few steps from the main square, in the historic center of Piegaro, partially renovated rooms on the ground floor with garden. The property includes partially renovated rooms with the possibility of change of intended use. The project includes a living room with an open kitchen, a bathroom (already in excellent condition) and a bedroom with French windows overlooking the private fenced garden of 50 sqm. The property currently features typical elements such as wooden beams and brick arches.
